EXAMINER 'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Russell E. Fowler on 12-20-06.

Page 7 of the Preliminary Amendment scanned on 12-28-2000 has been amended as follows:

The text starting at line 12, and ending at line 18, "It is --- and at page", has been moved to page 8.

Reason for Allowance

2. Regarding claims 8-14, the prior art fails to teach or suggest a method of calling a substation by a central station in a transmission system, the method comprising the steps in c) acquire meter reading data over a free channel of the first communication group if it is determined that any communication channel of the first communication group is free, and in d) waiting and repeating step b if it is determined that no communication channel of the first communication group is free, in combination with other limitations, as specified in the independent claims 8, and 15.

Regarding claims 9-14, the prior art fails to teach or suggest a data network access concentrator that comprises a distribution engine to perform routing searches for data packets received at the egress port and to distribute each such packet, along with the results of the routing search, to the forwarding engine supporting data communication for the ingress port access session associated with that packet, in combination with other limitations, as specified in the independent claims 9, and 14.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
